

Arms Regulations. The latter determination, paragraph (f)(2) of this section, does not legally bar presentation. It is an advisory statement that, for the presentation concerned, Department of Defense is not providing the authority for public release. Such DoD action does not preclude recourse by the author through normal State Department export license procedures.

(g) *Submission procedures.* (1) Authors shall submit full text and/or abstract of paper for review before submitting it to conference organizers. Clearance of abstract does not satisfy any requirement for clearance of the full paper. Requests for review shall identify the conference sponsor(s), site, and access restrictions specified by the session organizers, and shall state whether the paper is for presentation at a session that is to be unclassified with unlimited access, unclassified with limited access, or classified. Level of classification and access restrictions shall be specified, where appropriate.

(2) Papers shall be submitted for public and/or foreign disclosure clearance in sufficient time to allow adequate review and possible revision. Authors should allow adequate time for their presentation to reach the appropriate review authority in addition to the review targets set in paragraph (e)(2) of this section.

(3) At time of submission of the full text of the presentation to the Conference Program Committee, authors should state that their papers have been approved for presentation at the meeting and specify the security level of degree of access control required. When submitting abstracts that have been cleared for release, authors should indicate when and what kind of approval is expected on the presentation in its final form.

(h) In accordance with DoD Directive 3200.12, copies of proceedings and/or reprints of papers sponsored by the Department of Defense for all scientific and technical meetings will be provided to the Defense Technical Information Center, Defense Logistics Agency, Cameron Station, Alexandria, VA 22304 for secondary distribution.
